

Lindab® Products

by Linx Industries

Linx Industries is the America's single source for Lindab ventilation products, including Lindab Safe®.

- Lindab Safe: self-sealing round ductwork
- Lindab Transfer: dust collection ductwork
- Lindab Ventiduct: exposed duct with dispersion nozzles
- Lindab Chilled Beams: active and passive beams

a closer look at ... Lindab Safe®

- gasketed spiral duct and fittings from 3"- 60" diameter
- fast and easy installation
- adjustability – fittings can be rotated 360° during installation
- green – no VOC off gassing
- manufactured to strict published manufacturing tolerances
- meets SMACNA Leakage Class 3 performance
- mechanically-formed seam lock prevents spiral seam slippage
- built in accordance with 2005 SMACNA HVAC Duct Construction Standards for +10" WG
- gasket material UL classified (ASTM Std. E84-91a): Flame spread: 0, Smoke developed: 5
- may be installed in all weather conditions; temperature rated for -20°F to +212°F
- rolled edges on fittings and corrugations on duct add strength and reduce risk of injury
